CHILD CARE & DEVELOPMENT BLOCK GRANT (CCDBG) IN ALABAMA

The Child Care and Development Block Grant (CCDBG) is the primary federal grant program that allows states to provide child care assistance to low-income working families with children under age 13. In Alabama, 71% of these funds serve children 5 and under.¹ These subsidies provide working parents with access to quality child care in a setting of their choice.

HOW CCDBG WORKS IN ALABAMA

Using an established federal formula, funding is awarded by the U.S. Department of Health and Human Services, Administration for Children and Families (ACF) to states, territories, and tribal entities.

\$192,129,922 CCDBG and Mandatory Funds²

\$9,399,553 CCDBG State Match³

\$18,601,452 TANF Transferred to CCDBG⁴

Through a Lead Agency, states allocate the funds to support:

Families: Eligible families use subsidies to help cover the cost of care (if a provider/program agrees to accept them).

Providers: Lead Agencies work with providers to designate slots for subsidy-eligible children. Funding also helps to recruit and retain a qualified, fairly compensated workforce.

Quality Care: Lead Agencies are required to have child care licensing in place to ensure children are served in quality, safe environments. Funding also supports continuous quality improvement.

CCDBG & FAMILIES WITH YOUNG CHILDREN

CCDBG subsidies help remove barriers to affordable, quality child care. Families receiving a subsidy may choose any participating child care provider (center-based, home-based, those providing nontraditional hour care, etc.).

Under federal rules, children whose parents are employed or participating in training/education programs and whose household income is under 85% of the State Median Income (SMI) are eligible, as are children in need of or receiving child protective services. Lead Agencies have the flexibility to design their own subsidy programs and may also choose to set additional requirements or set lower income eligibility rates.

In Alabama, eligibility is capped at 59% of SMI. This means a family of three is eligible if they make: \$3,258 or less per month (\$39,096 per year).¹⁰

Lead Agencies can choose to prioritize certain populations. In Alabama, children with special needs, children experiencing homelessness, and families receiving TANF are prioritized for enrollment.¹¹

(Note: Other populations may also be prioritized in different ways).

CCDBG IN ALABAMA NEED VS. REACH

350,945 Children 5 and under⁵

217,053 (62%) Children 5 and under with all available parents in the workforce⁶

102,820 (29%) Children 5 and under eligible for CCDBG⁷

24,282 Children 5 and under served by CCDBG⁸

24% Eligible children served by CCDBG due to insufficient federal funding⁹

HOW MUCH DO FAMILIES PAY FOR CARE IN ALABAMA?

In Alabama, a family of three with a CCDBG subsidy pays between

\$72 per month.¹² **\$156**

Families that do not receive subsidies pay significantly higher costs. For instance, center-based infant care ranges from

\$440 per month.¹³ **\$908**
in Barbour County in Walker County

CCDBG subsidies provide working parents with access to quality child care in a setting of their choice.

CCDBG & PROVIDERS

In Alabama, 1,838 child care providers accept CCDBG subsidies.¹⁴

Child care providers are reimbursed by the state to offset the costs of serving children with subsidies. ACF recommends that Lead Agencies set provider reimbursement rates at the 75th percentile of the market rate, based on data from a market rate survey (MRS).¹⁵ This is the price that the lowest 75% of child care programs reported charging.

However, there is a significant gap between how much providers are reimbursed and how much it costs to provide care. Learn more about provider reimbursement rates [here](#).¹⁶

MONTHLY PROVIDER REIMBURSEMENT RATES IN ALABAMA¹⁷

The Consequences: In Alabama, providers are only reimbursed 38% of what it actually costs to care for an infant in a center-based program. Low payment rates make it difficult for providers to maintain fiscal stability and provide high-quality care. Some are forced to charge working families higher fees to compensate.

CCDBG & QUALITY

To receive CCDBG funds, Lead Agencies must have child care licensing requirements in place to ensure children are served in quality, safe environments. These requirements differ by state. Lead Agencies may establish different rules depending on the setting (e.g., center-based, home-based) and may exempt some providers from licensing requirements altogether (e.g., faith-based programs).

Alabama Teacher Qualifications¹⁸

Educators play a crucial role in supporting children’s development. Education and training requirements ensure they have the necessary knowledge and skills.

Teacher Minimum Requirements

In most states, there are multiple pathways to qualification. One example in Alabama:

- **Age:** 18
- **Education:** High school/GED
- **Prior Work Experience:** None

Alabama Teacher-Child Ratios¹⁹

Teacher-child ratios are crucial for safety as well as ensuring high-quality and individualized interactions. Providers receiving CCDBG funds must adhere to ratios set by the state.

Licensed Center-Based Care

Infant	1:5
Toddler	1:7 for 18-30 months 1:8 for 24-36 months
Preschool	1:11 for 30 months-4 years 1:18 for 4 years-school-age
