

2024 STATE FACT SHEET CHILD CARE & EARLY LEARNING IN ILLINOIS

In Illinois, federal and state early learning opportunities serve more than 187,895 children and families.¹ or 22% of children ages 5 and under.²

High quality child care and early learning programs support child development and offer parents peace of mind while they work or attend school.

Unfortunately, the demand for quality care far outweighs the supply, so many families struggle to access and afford the care options they want or need. While there are several federally funded programs that provide working families with access to quality child care opportunities, limited funding leaves many eligible children unserved. The impacts of these challenges extend beyond families and carry over to the workplace. As a direct result, the national economy loses \$122 billion annually in the form of lost earnings, productivity, and revenue.³

Below is a list of existing child care and early learning programs which together form a mix delivery system that supports parental choice and aims to meet children's individual needs. These programs have unique eligibility requirements and service delivery models. However, at current funding levels, each only reaches a fraction of eligible families.

STATE OF CHILD CARE IN ILLINOIS

ELEMENTS OF PROGRAM QUALITY

Program quality varies substantially within and across states.

Quality child care and early learning programs rely on a strong workforce, but low pay makes it difficult to recruit and retain educators. In Illinois, child care workers earn \$14.98 per hour (\$31,150 annually).⁴²

Teacher-child ratios are crucial for ensuring safety, quality, and individual attention. Licensed center-based care providers participating in CCDBG are required to have the following ratios:⁴³

- Infant 1:4
- Toddler 1:5 for 15-23 months, 1:8 for age 2
- Preschool 1:10

The state's pre-K program met **8/10 of NIEER's Quality Standards Benchmarks**, which represent minimum standards to support quality preschool programs.⁴⁴

Preschool Development Grant Birth Through Five (PDG B-5) is a competitive federal grant designed to improve states' early childhood systems. **Illinois's PDG B-5 accomplishments include:**⁴⁵

- Created a statewide Family Advisory Committee as part of the Illinois Early Learning Council to provide parent voice, leadership, and expertise around topics of importance for Illinois communities.
- Supported the early childhood workforce through the Education Reimbursement Initiative, which alleviated financial barriers such as tuition fees and outstanding student debt for over 160 early educators.

CHILD AND DEPENDENT CARE TAX CREDIT (CDCTC)

The Child and Dependent Care Tax Credit (CDCTC) directly helps working parents offset the cost of child care.

In its current form, the credit only reaches a small percentage of families and has been swiftly outpaced by the escalating cost of child care as it lacks any adjustment for inflation.

Last permanently updated in 2001, the current credit averages \$500-\$600 a year.⁴⁶

CDCTC IN ILLINOIS BY TAX YEAR

2020	 199,230: Number of taxpayers claiming the CDCTC⁴⁷ \$550: Average credit 	
2021	 The CDCTC was temporarily expanded and made refundable for one year in response to the pandemic. 258,830: Number of taxpayers claiming the CDCTC⁴⁸ (an additional 59,600 from 2020) \$2,095: Average Credit (an additional \$1,545 from 2020, on average) 	
TODAY	The temporary expansion expired; the CDCTC reverted back to 2001 levels. • \$500-600: Average credit	

NOTE: Major provisions of the Tax Cuts and Jobs Act of 2017 (TCJA) expire at the end of 2025⁴⁹, giving Congress the opportunity to modernize the CDCTC and other tax provisions to better help working families offset the cost of quality child care.⁵⁰
